

# Animal Reiki with Amber

## Clay Paw Print

### Objective

Create a paw print sculpture to capture your special pet companion's true essence.

### Materials

- Air dry clay
- Ribbon
- Pet companion's paw

### Step 1

Roll air dry clay into a ball.

Flatten to the thickness like a substantial cookie.

### Step 2

Gently press pet's paw on to the clay disc and release.

Let clay dry overnight.

### Step 3

Sit in a meditative position near your pet companion. Let Reiki envelope you both.

### Options

Create a heart shape with the clay, add a hole to hang it, or hot glue a ribbon to the back of it. Offer to create paw prints of your friends and family's pet companions.
