## Energy Healing Charms for Pet Collars

### Objective

Create a healing charm for your pet's collar to assist with physical, emotional, or mental well-being.

Crystals, gemstones, and minerals have played an important role in our healthcare for centuries. Now you can share this with your pet.

### Materials

- Sterling silver or stainless steel jewelry wire
- Lobster clasp
- Round nose pliers
- Wire cutter
- Stones /crystals for your pet
- Jump ring
- Head pin (optional)

### Step 1

Bring an assortment of crystals and stones. Let students browse through a crystal/stone guide. Choose a crystal/stone that works with your pet companion.

### Step 2

Wrap the stone using your tools and materials. See *Resources* for wrapping ideas.

### Step 3

Hold the charm. Sit in a meditative position near your pet companion. Let Reiki envelope you both. Attach the charm to your pet's collar.

### Options

Use stones that are connected to your pet's chakras. Share your handmade charms with family and friend pet companions.
